Academic Positions

2025.9–Present

Postdoctoral Research Fellow (Advisor: Sang Chul Chong)

Center for Cognitive Science, Yonsei University, Seoul, Korea

Education

2022.3–2025.8

Ph.D. in Cognitive Science (Advisor: Sang Chul Chong)

Yonsei University, Seoul, Korea

Thesis: Resolution of visual consciousness

2017.9–2020.2

M.S. in Cognitive Science (Advisor: Sang Chul Chong)

Yonsei University, Seoul, Korea

Thesis: Partial awareness can be induced by independent cognitive access to different spatial frequencies

2010.3–2017.8

B.A. in Psychology, B.S. in System Biology

Yonsei University, Seoul, Korea

High Honors

Research Interests

Visual consciousness

- Measures of subjective experience
- Spatiotemporal resolution of perception
- Theories of consciousness
- Metacognition
- Attention
- Intuition about consciousness

Research Experiences

2020.3–2025.8	Research Associate Center for Cognitive Science, Yonsei University, Seoul, Korea
2019.3–2019.5	Visiting Student Intern (Advisor: Randolph Blake) Department of Psychology, Vanderbilt University, Nashville, TN
2018.3–2020.2	Research Assistant Center for Cognitive Science, Yonsei University, Seoul, Korea
2017.2–2017.8	Research Assistant (Advisor: Sang Chul Chong) Vision, Cognition & Consciousness Lab Graduate Program in Cognitive Science, Yonsei University, Seoul, Korea
2014.3–2014.8	Research Assistant (Advisor: Eunkook Mark Suh) Personality & Social Psychology Lab Department of Psychology, Yonsei University, Seoul, Korea

Work Experiences

2019.7–2025.8	Administrative Assistant Center for Cognitive Science, Yonsei University, Seoul, Korea
2018.3–2019.2	Administrative Assistant Graduate Program in Cognitive Science, Yonsei University, Seoul, Korea
2012.2–2014.2	Honorably discharged upon completing military service as a sergeant Republic of Korea Air Force 17th Fighter Wing, Cheongju, Korea

Manuscripts Under Review/In Prep

- [10] **Kim, C.**, & Chong, S. C. (under review). Metacognitive monitoring of visual performance during transient and rhythmic shifts of attention.
- [11] **Kim, C.**, Yeo, Y., Park, J. H., Choi, J., Cho, J., & Chong, S. C. (under review). Effects of focused and distributed attention on critical flicker frequencies around the visual field.

Patents

- [1] Hwang, H., Kim, Y., Kim, H., **Kim, C.**, Park, J. H., Chong, S. C., Cho, J., & Choi, J. (2025). *Display device, method for driving the same, and head-mounted display apparatus*. U.S. Patent No. 12,387,639 B2, issued August 12, 2025.

Conference Proceedings

- [1] **Kim, C.**, & Chong, S. C. (2026, May). Do I know that my attention never stays still? Metacognitive monitoring of subsecond attentional dynamics. Poster presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL.
- [2] **Kim, C.**, & Chong, S. C. (2026, January). Metacognitive monitoring of subsecond attentional dynamics. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Seoul, Korea.
- [3] **Kim, C.**, Hur, J., Park, J. H., & Chong, S. C. (2025, May). Did that angry face capture my attention? Metacognitive monitoring of attentional bias in anxiety. Poster presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL. <https://doi.org/10.1167/jov.25.9.1800>

- [4] **Kim, C.**, & Chong, S. C. (2025, February). Metacognitive monitoring of attentional bias in anxiety. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Gwangju, Korea.
- [5] **Kim, C.**, & Chong, S. C. (2024, May). Metacognitive monitoring of the visual system in sustained attention. Talk presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL. <https://doi.org/10.1167/jov.24.10.734>
- [6] **Kim, C.**, & Chong, S. C. (2024, February). Metacognitive monitoring of visual performance. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Seoul, Korea.
- [7] Yeo, Y., Kim, Y., **Kim, C.**, Kim, H., Park, J. H., Jung, D., Cho, J., Choi, J., & Chong, S. C. (2024, February). The effect of lowering temporal frequency of a task-irrelevant window on perceptual experience. Poster presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Seoul, Korea.
- [8] Jung, D., Kim, Y., **Kim, C.**, Kim, H., Park, J. H., Yeo, Y., Cho, J., Choi, J., & Chong, S. C. (2024, February). The effect of temporal frequency on image quality in a task-irrelevant window. Poster presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Seoul, Korea.
- [9] Cho, J., Choi, J., **Kim, C.**, Kim, H., Kim, Y., Kwon, J., Park, J., & Chong, S. C. (2023, August). Flickering perception in a multitasking environment. Poster presented at the annual meeting of the International Meeting on Information Display, Busan, Korea.
- [10] **Kim, C.**, & Chong, S. C. (2023, May). Metacognitive monitoring of the perceptual resolution across and around the visual field. Poster presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL. <https://doi.org/10.1167/jov.23.9.4739>
- [11] **Kim, C.**, & Chong, S. C. (2023, February). Metacognitive monitoring of the perceptual resolution. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Seoul, Korea.
- [12] **Kim, C.**, Kim, H., Park, J. H., Cho, J., Choi, J., & Chong, S. C. (2023, February). Effect of refresh rates in a nearby screen on critical fusion frequency. Poster presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Seoul, Korea.
- [13] Chong, S. C., & **Kim, C.** (2022, August). Phenomenal awareness in the periphery. Talk presented at the annual meeting of the International Meeting on Information Display, Busan, Korea.
- [14] **Kim, C.** (2022, August). Effects of attention on visual discrimination and awareness: Evidence from eye-specific attention. Talk presented at the annual meeting of the Korean Psychological Association, Online Meeting.
- [15] **Kim, C.**, & Chong, S. C. (2022, June). The information bottleneck induces partial blindness to multiple faces. Poster presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL. <https://doi.org/10.1167/jov.22.14.3211>
- [16] **Kim, C.**, & Chong, S. C. (2022, February). The information bottleneck induces partial blindness to multiple faces. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Online Meeting.
- [17] **Kim, C.**, & Chong, S. C. (2020, October). Eye-specific attention modulates conscious perception. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Online Meeting.
- [18] **Kim, C.**, & Chong, S. C. (2020, June). Does eye-specific attention act as a gateway to

conscious perception? Poster presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL. <https://doi.org/10.1167/jov.20.11.482>

- [19] **Kim, C., & Chong, S. C.** (2019, May). Partial awareness based on the parallel processing of spatial frequency. Poster presented at the annual meeting of the Vision Sciences Society, St. Pete Beach, FL. <https://doi.org/10.1167/19.10.125>
- [20] **Kim, C., & Chong, S. C.** (2019, February). Partial awareness based on parallel visual processing of spatial frequency. Talk presented at the annual meeting of the Korean Society for Cognitive and Biological Psychology, Pyeongchang, Korea.
- [21] **Kim, C., & Chong, S. C.** (2018, June). Visual awareness and the parallel processing of spatial frequency. Poster presented at the annual meeting of the Korean Society for Cognitive Science, Seoul, Korea.

Grants

- 2025–2026 Post-Doctoral Researcher Supporting Program, Yonsei University
- 2023–2025 The National Research Foundation of Korea Grant, The Korea Government
- 2022–2023 Yonsei University Research Grant, Yonsei University

Awards, Honors, and Scholarships

- 2025 Excellent academic paper award, Yonsei University
- 2025 Idea Incubating Fund (Dissertation Fellowship), Yonsei University
- 2024 Excellent academic paper award, Yonsei University
- 2023 Best poster paper award, The 23rd International Meeting on Information Display
- 2023 Best academic paper award, Yonsei University
- 2022 Idea Incubating Fund (Academic Research Fellowship), Yonsei University
- 2022 The First Prize in the Doctoral Colloquium, Annual Meeting of the Korean Psychological Association
- 2022 Student Travel Award, Annual Meeting of the Korean Society for Cognitive and Biological Psychology
- 2020 Merit Thesis Award, Yonsei University
- 2019 Student Travel Award, Annual Meeting of the Korean Society for Cognitive and Biological Psychology
- 2019 Brain Korea 21+ Overseas Training Program, the National Research Foundation of Korea
- 2018 Brain Korea 21+ Scholarship, The National Research Foundation of Korea
- 2017–2019 Internal Scholarship, Yonsei University
- 2017 Awarded High Honors at Graduation, Yonsei University

Invited talks

- 2026* Global Psychological Science Seminar, Yonsei University
Title: Visual metacognition
- 2024* Global Psychological Science Seminar, Yonsei University
Title: Intuitive consciousness researcher
